5/7/00. I think most U.S. anarchists bunch of neurotics, incompetents, leftists. U.S. means United States. Anarchists worthless as tits on a rainbarrel. I can't tell you how much they disgust me. I maintain contact with them only because know no better U.S. antitech groups. Some Brit anarchists may be better. This open question. I keep my contempt for anarchists private as matter of policy. An asshole is John Z.
